Section 2: Summary of change(s)

Please note: Each change being made as part of the amendment must be entered separately. For example, if an amendment to a clinical trial of an investigational medicinal product (CTIMP) involves an update to the Investigator's Brochure (IB), affecting the Reference Safety Information (RSI) and so the information documents to be given to participants, these should be entered into the Amendment Tool as three separate changes. A list of all possible changes is available on the "Glossary of Amendment Options" tab. To add another change, click the "Add another change" box.

Change 1				
Area of change (select)*:	Study Documents			
Specific change (select - only available when area of change is selected first)*:	Other minor change to study documents (e.g. information sheets, consent forms, questionnaires, letters) that can be implemented within existing resource in place at participating organisations - Please specify in the free text below			
Further information In particular, please describe why this change can be implemented within the existing resource in place at the participating organisations (free text - note that this field will adapt to the amount of text entered)*	<p>As per the document "Indigo Community - Adverts (overall) - v1.3.docx", we changed the text used to contact eligible patients from "patients treated for cancer" to "patients diagnosed with cancer". Following feedback from the practices, we also added some nuance to the text to reflect that not all patients will want to answer the questionnaire.</p> <p>Following our Expert Advisory Group (EAG) meeting in March 2025, the PROM feedback question has been slightly reworded as per the document " Indigo - full initial questionnaire - 2025.03.04_v1.8.docx".</p>
